Dear Sir,

Greetings from Eisai Pharma, India!

We would like to inform you that we are looking for a training/course on Manufacturing Unit Operations for our Manufacturing team.

If you could help us by delivering the same through your esteemed institution, we would be extremely thankful to you.

In this background, request you to consider this request and guide us to the right faculty members of your team, to discuss this and move further.

Please let us know in case you need and further clarification in this regard.

Thanking you in advance.  
With Regards,

Dear Sir,

As discussed, we would like to have the below topics covered in the course that we are planning to design for our team.

You may add topics that you might feel would help the team here in improving their technical abilities.

1. Unit operations like Distillation, Filtration, Drying, Extraction - Basic Principles, Types, Sample calculation for sizing
2. Pumps - Type of Pumps, Application
3. Vacuum System
4. Basics of Fluid Mechanics
5. Basics of Mass Transfer
6. Basics of Heat Transfer
7. Basics of Process Safety

Also let us know when can we have a discussion to figure out the length/duration of each topic and thus arrive at the overall design so that we can proceed further.

Regards,

**Srinivasa Raju Jampana**

## **FACULTY ON-GOING RESEARCH AND ANALYSIS (FORAY) SCHEME**

### **Sanction Order**

Order No: FORAY/2017-18/01 MEC

DATE: 01.07.2017

Title of the Project: Design, analysis, fabrication and Installation of solar tree Of  
3 kW capacity

PI: Dr M. Kannnam Naidu, Asso. Professor, Dept of Mechanical Engineering

Co-PI: Dr Sarat Kumar Sahu, Professor, Department of Electrical Engineering

Sanction is accorded for implementation of the above mentioned project at a total cost of Rs.3, 18,310/- (Rupees Three Lakh eighteen thousand three hundred and ten only) a duration of 1 year.

Sanction of grant is subject to the conditions as specified in the guidelines for implementation of FORAY research proposals.

The accounts of project shall be open to inspection by sanctioning authority / audit whenever the PI is called upon to do so.

The PI will furnish Utilization Certificate and Statement of Expenditure pertaining to the grant immediately after the end of the project duration. Progress report needs to be furnished every six months.

**FACULTY ON-GOING RESEARCH AND ANALYSIS (FORAY)  
SCHEME****FORMATS FOR SUBMISSION OF PROJECT PROPOSALS****BASIC INFORMATION**

- A1. Project Title:  
Design, Analysis and Fabrication of Archimedes Wind Turbine with 3-phase alternator
- A2. Broad Subject: *Engineering Sciences*  
(Atmospheric Science / Chemical Sciences / Earth Sciences / **Engineering Sciences** / Life Sciences / Mathematical Sciences / Physical Sciences / Other Interdisciplinary)
- A3. Sub Area: (Please tick the relevant PAC area from the Annexure)
- Chemical Sciences  
(Inorganic Chemistry, Organic Chemistry, Physical Chemistry)
- Earth & Atmospheric Sciences  
(Atmospheric Science, Earth Science)
- Engineering Sciences  
(Chemical Engineering, **Electrical**, Electronics and Computer, Engineering Materials, Mining and Mineral Engineering, **Mechanical Engineering** and Civil Engineering, Robotics and Manufacturing)
- Life Sciences  
(Animal Sciences, Biophysics, Biochemistry and Molecular Biology, Health Sciences, Plant Sciences)
- Mathematical Science
- Physical Sciences  
(Condensed Matter Physics and Materials Science, Lasers, Optics, Atomic and Molecular Physics, Plasma, High Energy, Nuclear Physics, Astronomy & Astrophysics and Nonlinear dynamics)
- A4. Duration in months: 12 Months
- A5. Total cost: Rs. 1,58,794/-
- A6. FE Component:
- A7. Project Category: Applied Research (Product Development)  
(Basic Research / Applied Research (Process/Product Development) / Technology Development / Any other)

**Sanction Order**

|                              |   |                         |
|------------------------------|---|-------------------------|
| <b>Order No:</b>             | FORAY/2016-17/01MEC   | <b>Date:</b> 24.04.2017 |
| <b>Title of the Project:</b> | Viability of Stand-alone Hybrid Renewable Energy Water Pumping System for Agricultural Applications in Vizianagaram |                         |
| <b>PI:</b>                   | Dr. M. S. Subrahmanyam, Assoc. Professor, Dept. of MEC  |                         |
| <b>Co-PI:</b>                | Dr. N. Ravi Kumar, Professor, Dept. of MEC  |                         |
| <b>Co-PI:</b>                | Dr. Sarat Kumar Sahoo, Professor, Dept. of EEE  |                         |

Sanction is accorded for implementation of the above mentioned project at a total cost of **Rs. 3,65,000/-** (Rupees Three Lakh Sixty Five Thousand Only) for a duration of 12 months and also to release an amount of **Rs. 3,65,000/-** (Rupees Three Lakh Sixty Five Thousand Only) to the Principal Investigator. The items of expenditure, for which the total allocation of Rs. 3,65,000/- has been approved, are given below:

| Sl                 | Details of Equipment | Amount<br>Rs.      |
|--------------------|----------------------|--------------------|
| <b>Equipment</b>   |                      |                    |
| 1                  | HOMER Pro Software   | 3,50,000.00        |
| <b>Contingency</b> |                      | 15,000.00          |
| <b>TOTAL</b>       |                      | <b>3,65,000.00</b> |

Sanction of the grant is subject to the conditions as specified in the guidelines for implementation of FORAY research proposals

The accounts of project shall be open to inspection by sanctioning authority/audit whenever the PI is called upon to do so.

The PI will furnish Utilization Certificate and Statement of Expenditure pertaining to the grant immediately after the end of the project duration. Progress report to be furnished every six months.

**FACULTY ON-GOING RESEARCH AND ANALYSIS (FORAY) SCHEME**

**Sanction Order**

Order No: FORAY/2017-18/01 MEC

DATE: 01.07.2017

Title of the Project: Design, analysis, fabrication and Installation of solar tree Of  
3 kW capacity

PI: Dr M. Kannnam Naidu, Asso. Professor, Dept of Mechanical Engineering

Co-PI: Dr Sarat Kumar Sahu, Professor, Department of Electrical Engineering

Sanction is accorded for implementation of the above mentioned project at a total cost of Rs.3, 18,310/- (Rupees Three Lakh eighteen thousand three hundred and ten only) a duration of 1 year.

Sanction of grant is subject to the conditions as specified in the guidelines for implementation of FORAY research proposals.

The accounts of project shall be open to inspection by sanctioning authority /audit whenever the PI is called upon to do so.

The PI will furnish Utilization Certificate and Statement of Expenditure pertaining to the grant immediately after the end of the project duration. Progress report needs to be furnished every six months.

### SOLAR TREE

Conventional energy sources based on oil, coal, and natural gas have proven to be highly effective drivers of economic progress, but at the same time damaging to the environment and to human health. Furthermore, they tend to be cyclical in nature, due to the effects of oligopoly in production and distribution. These traditional fossil fuel-based energy sources are facing increasing pressure on a host of environmental fronts.

The potential of renewable energy sources is enormous as they can in principle meet many times the world's energy demand. Renewable energy sources such as biomass, wind, solar, hydropower, and geothermal can provide sustainable energy services, based on the use of routinely available, indigenous resources. A transition to renewables-based energy systems is looking increasingly likely as the costs of solar and wind power systems have dropped substantially in the past 30 years, and continue to decline, while the price of oil and gas continue to fluctuate. In fact, fossil fuel and renewable energy prices, social and environmental costs are heading in opposite directions.

Solar energy offers a clean, climate-friendly, very abundant and inexhaustible energy resource to mankind, relatively well-spread over the globe. Its availability is greater in warm and sunny countries – those countries that will experience most of the world's population and economic growth over the next decades. They will likely contain about 7 billion inhabitants by 2050. The costs of solar energy have been falling rapidly and are entering new areas of competitiveness. Solar thermal electricity (STE) and solar photovoltaic electricity (PV) are competitive against oil-fuelled electricity generation in sunny countries, usually to cover demand peaks, and in many islands. Roof-top PV in sunny countries can compete with high retail electricity prices. In most markets, however, solar electricity is not yet able to compete without specific incentives.

In addition, renewable energy systems are usually founded on a small-scale, decentralized paradigm that is inherently conducive to, rather than at odds with, many electricity distribution, cogeneration (combined heat and power), environmental, and capital cost issues. These systems can have dramatically reduced as well as widely dispersed environmental impacts, rather than larger, more centralized impacts that in some cases are serious contributors to ambient air pollution, acid rain, and global climate change. Renewable energy sources currently supply somewhere between 15 percent and 20 percent of world's total energy demand.

**BUDGET ESTIMATES****D1. Budget Summary:**

**CONSULTANCY AGREEMENT**

This Consultancy Agreement is made and entered into on 24-05-2016 by and between Director Phytec Embedded Pvt. Ltd. with its principal place of business located at Koramangala, Bengaluru (the "Company") and Principal, MVGR College of Engineering(A) with its principal place of business located at Vizianagaram (the "Consultant") (hereinafter referred to individually as a "Party" and collectively as "the Parties").

WHEREAS, the Company is in the business of Design and Marketing of Embedded and IoT sytems.

WHEREAS, the Consultant is an Educational institution having expertise in the area of design and development of Antennas.

WHEREAS, the Company desires to engage the Consultant to provide certain services in the area of Consultant's expertise and the Consultant is willing to provide such services to the Company;

NOW, THEREFORE, the Parties hereby agree as follows:

The consultant will simulate the design of the antenna for the proposed new wireless Sub 1 Ghz module for IoT applications by the company.

The required antenna design parameters given by the company are:

1. Operating Frequencies: 863MHz to 870MHz (India) or up to 920MHz
2. PCB Material: FR-4 substrate GREEN color
3. Dimensions of proposed antenna (Length , Width allocated on the PCB):6x19 mm [total length including keep-out 12mm]
4. Thickness of the PCB:1.2mm
5. Type of feeding and connectors to be used: 50 ohm impedance track (To be finalized with PCB fabricator) with pi-network and connector is IPEX RF connector part# CONSMA001-SMD-G
6. Priority to any specific type of design: Inverted F PCB type or Pulse Helical.
7. No. of layer board: 4 layer
8. Proposed Board Size approximate: 40x19mm

The consultant will simulate and design the antenna as per the specifications given by the company and submit the design in the form of .cad file suitable for manufacturing.

The company has agreed to pay a consultancy fee of Rs. 2 Lakhs for the design of the proposed antenna in favour of Principal, MVGR College of Engineering(A), Vizianagaram.

Payment shall be made after submitting simulated design of the antenna satisfactorily.

Duration of Consultancy period is 9 months from the date of agreement.

Dear Mr Ramaraju,

Below is the details required by you.

#### Objective

- To understand business environment for a newly launched Cigarette & FMCG brands and provide recommendations to enhance market level execution.

#### Details

- Intern is expected to understand the nuances of cigarette industry (A 3 day training will be provided for the same) and work the market thereafter
  - Basics of FMCG industry knowledge, marketing theories, analytical and research specific abilities are expected
  - Detailed Project specific objectives will be provided to each intern during training
  - Provide innovative recommendations in regards to tackling competition within the purview of industry standards
- ( Please note that the interns will NOT be doing any promotion, but only looking after execution, analysis & evaluation of launch activities)

#### Duration and Location

- Internship will be for a period of 2 months starting from 1st February, 2016
- Interns are required to work for a minimum of 8 hrs a day
- Location may be spread across the state (Srikakulam, Vizianagaram & Visakhapatnam Dt)

#### Stipend

- An amount of Rs. 5000 per month will be provided as stipend to the interns
- Additional travel expenses and daily allowances will be provided

Hope above clarifies. My colleague Goli Kalyan will be the co ordinator for the activity. He can be reached at 9163396566.

Regards,

Sridhar

APGVB/PER&HRD/ 103 /15-16

04.04.2015

The Regional Managers  
Andhra Pradesh Grameena Vikas Bank  
All Regions

Dear Sir,

## Internship of MBA (Banking and Finance) students in our Bank

It has been decided to take 100 students pursuing MBA (Banking & Finance) as interns in our Bank @ 10 students per RO.

2. The salient features of the Internship are furnished below:

- a) Internship period - 3 months from 15<sup>th</sup> April 2015 to 14<sup>th</sup> July 2015
- b) Areas on which Project works will be undertaken by the interns
  1. Problems in SHG financing including NPAs - Possible solutions
  2. KYC Compliance - Deficiencies / rectification.
  3. Loan documentation
  4. Management of Non Performing Assets - reasons and remedial measures
  5. Financial Inclusion - Impact analysis in opening of Basic Savings Bank Accounts
  6. Marketing of specified products (P Segment loans including loans to Employees of Corporate companies and P Segment Deposits)
  7. They may also choose a specific area for studying and submit a project report for evaluation at our end and submission to their Management

c) Objectives

1. There is an exchange of service to the experience. In the process of their learning and doing a project work during internship, they will render service to the Bank on specified areas.
2. Undertaking this kind of activities will increase the brand image of the Bank.
3. Interns will get to take the real feedback from the customers during their interactions on specific areas, assigned by us, which will be of use to the Bank for initiating corrective measures.

d) Procedure to be followed for choosing the students and preparing them for the internship:

1. For the year 2014-15, to begin with, we may choose 10 students per RO (total 100);
2. The students who are pursuing Banking and Finance in MBA and have completed their first year of the course, are eligible to be considered for internship.
3. Regional Managers have to select the best two MBA Colleges in the district Head Quarters and request their Management to send five students each, preferably with rural background who would be willing to visit our Branches.
4. The Regional Managers should finalize the students for their RO in consultation with the College Managements.
5. The students will be under the control of Regional Manager and he will monitor their activities / movements on day to day basis.
6. Once the 100 students are enrolled, we will conduct orientation programme to the students (RO-wise or a group-of-districts wise) by deputing the SLC faculty, in

Head Office: H.No. 2-5-8/1, Ramnagar, Hanamkonda, Warangal Dist. Pin: 506 001 A.P.

Tel: 0870-2577977, 2577744, 2577755, 2577766, 2566633, 2563662, 2577256 Fax: 0870-2550370, e-mail: apgvikasbank2006@yahoo.co.in

which they shall be given to understand the product and service features, internal processes like KYC compliance, documents filling, obtention of RLs etc., marketing of specified products etc.

7. We have to print hand-outs / pamphlets on the products to be carried by the students while on their visits.

e) **Monitoring of Project Work**

1. RM is responsible for Identifying the Branch Managers and other Senior Officials at ROs in consultation with Manager (Admn) and Manager (Adv) to whom the candidates will be attached. These Officers will monitor the project work / services of the candidates and will report to RM / Manager (Admn).
2. RM in turn will report the progress / work turn-out to Head Office on weekly basis

f) **Stipend**

Rs 3000 (Rupees Three Thousand Only) per month per student for three months.

g) **Reimbursement:**

We may reimburse the actual expenditure involved in travel by public transport to the candidates, against production of tickets.

h) **Benefits**

1. **To the student –**

- a. They will have an opportunity of earning while learning.
- b. They will get an exposure to the real working environment in Financial Institutions which will be useful for their future career in Banks / Financial Institutions.
- c. The Project report they submit will be authenticated with their practical experience on the ground level.
- d. We will issue a certificate to the extent that he has completed Internship and special mention about his capabilities, performance, reported if any.

2. **To the Bank:**

- a. As envisaged in the Objectives, the Bank will have an opportunity of deploying Interns exclusively on specific areas of working in order to streamline the same by clearing the arrears.
- b. Their feedback / project report will be useful for policy changes;
- c. Boost to the Image of the Bank.
- d. Popularity of our Bank among students and Bank Job aspirants will increase.

3. Regional Managers are advised to approach the MBA Colleges in their District Head Quarters immediately and finalise the list of students. The list of the candidates should be sent to Head Office by email to [apgvikasbank2006@yahoo.co.in](mailto:apgvikasbank2006@yahoo.co.in) by 8<sup>th</sup> April 2015.

Yours faithfully,

  
Chairman

CPPT Ver 1.7 (in SMT Training Manual Ver 1.1)  
SMT

Breakup of syllabus being taken up by MVGR College of Engineering, Vizianagaram

| Date     | Faculty Name     | Topics Covered                           | Engaged<br>(from-to) | Number<br>of Hrs |
|----------|------------------|--|----------------------|------------------|
| 29/06/15 | Ravi kishore     | English                                  | 9:40-12:30           | 4                |
| 29/06/15 | Krishna sir      | units & dimensions                       | 1:50-3:20            | 3 → 2            |
| 30/06/15 | Ravi kishore     | MS word                                  | 9:00-10:40           | 2                |
| 30/06/15 | mohan sir        | Electricity                              | 11:00-12:30          | 2                |
| 30/06/15 | pavan sir        | Machines                                 | 11:20-2:20           | 2                |
| 30/06/15 | Ravi kishore     | Power point                              | 2:45-3:20            | 1                |
| 1/07/15  | Ravi kishore     | power point / slides show                | 9:05-12:30           | 4                |
| 1/07/15  | Sai Srinivas     | electrical power system                  | 1:40-3:30            | 3                |
| 2/07/15  | Krishna sir      | pressure                                 | 9:15-10:30           | 1                |
| 2/07/15  | Sathya narayana  | electronic                               | 10:45-12:20          | 2                |
| 2/07/15  | Sudhakar         | Hydraulic machines                       | 1:40-3:10            | 2                |
| 3/07/15  | Krishna sir      | Thermal & Temperature                    | 9:10 to 10:30        | 2                |
| 3/07/15  | mohan sir        | principles of motor & generator          | 11:10 to 12:30       | 2                |
| 3/07/15  | S. Narasu        | machine element                          | 2:05 to 3:30         | 2                |
| 4/07/15  | Rajesh sir       | Introduction of pneumatic system         | 9:30 to 10:40        | 1                |
| 4/07/15  | Krishna sir      | Thermo couples                           | 10:45 to 12:05       | 2                |
| 4/07/15  | Sai Srinivas     | current & voltage                        | 1:10 to 2:40         | 1                |
| 4/07/15  | Sathya narayana  | Energy Band Theory                       | 2:40 to 3:40         | 1                |
| 6/07/15  | Ravi kishore sir | excel ppt                                | 9:00 to 12:30        | 4                |
| 6/07/15  | Ravi kishore sir | Power point                              | 2:00 to 3:40         | 2                |
| 7/07/15  | mohan sir        | transformer                              | 9:20 to 10:40        | 1                |
| 7/07/15  | Sathya narayana  | lubrication & management                 | 11:00 to 12:30       | 2                |
| 7/07/15  | Ravi kishore     | ppt                                      | 2:00 to 3:40         | 2                |
| 8/07/15  | D. Srinivas sir  | Fitting and Drilling                     | 9:05 to 11:00        | 2                |
| 8/07/15  | pavan sir        | metro lab                                | 11:20 to 12:20       | 1                |
| 8/07/15  | Subbu            | EDDS, velocity measurement               | 2:00 to 3:00         | 1                |
| 8/07/15  | Ravi kishore sir | ppt                                      | 3:00 to 3:40         | 1                |
| 9/07/15  | Sathya narayana  | Diodes                                   | 9:20 to 10:40        | 1                |
| 9/07/15  | Sai Srinivas     | Battery                                  | 10:45 to 11:45       | 1                |
| 9/07/15  | Srinivas sir     | maintenance                              | 2:00 to 3:30         | 2                |
| 10/07/15 | Sudhakar         | control system & sensors                 | 09:30 to 11:00       | 2                |
| 10/07/15 | pavan sir        | DC Generators                            | 11:00 to 12:30       | 2                |
| 10/07/15 | Murali Krishna   | fault finding and adjustment of accuracy | 2:00 to 3:40         | 2                |

# **CERTIFICATE**

## **SURYA MITRA SKILL DEVELOPMENT PROGRAMME**

Conducted by

Department of Electrical and Electronics Engineering  
MVGR College of Engineering (Autonomous), Vizianagaram

This is to certify that Mr. MANAPURAM.MANOJ KUMAR, S/o M.SRINIVASA RAO underwent training for Solar Technician Course under "Surya Mitra Skill Development Programme" designed and authorized by National Institute of Solar Energy (NISE) from 26<sup>th</sup> October 2016 to 25<sup>th</sup> January 2017.

*Khaheed*

| 3    | Sai Srinivas         | EEE | 26-10-16   | Overview of Training, Preparation for installation, installation and spacing installation of array support. General installation of DC system, interconnection of modules                       | 6,7           |     |               |            |             |  |
|      |                      |     | 12-02-2016 | Simple electric circuits, open & short circuit, sources of electricity, effect of electric current, volts, ampere, resistance   | 1,2,3,4       |     |               |            |             |  |
|      |                      |     | 11-02-2016 | Electrolysis, volatile cell, dry cell, Battery and its types (Lead acid, lithium ion, Nickel cadmium, tubular battery, SMF, cell emf, internal resistance of cell, cell in series and parallel) | 1,2,3,4       |     |               |            |             |  |
|      |                      |     | 11-07-2016 | Earthng, Plate, pipe, earthing, Diode, rectifier, single phase half wave rectifier, full wave rectifier, AC to DC conversion, Bridge rectifier  | 1,2,3         | 5   |               |            |             |  |
|      |                      |     | 15-11-16   | purpose of a battery, how it works, types of batteries parameters of battery, rechargeable battery, how to select a battery, batteries for SPV systems lead acid batteries.                     | 1,2           |     |               |            |             |  |
| 4    | Mr.Ch.Bhavani Sankar | EEE | 23-11-16   | Electron theory, (Molecules, Atom, Protons, Neutrons), Structure of atom, Electric Current. Voltage, Current, Resistance, Measurement Units - Volts, Amp, Ohm.                                  | 3,4           |     |               |            |             |  |
|      |                      |     | 28-10-16   | Fuse: Briefing: Fuse (what & why?), Fuse Wires, Rewirable / HRC fuses, Cartridge Fuse, MCB, MCCB and ELCB   | 3,4           |     |               |            |             |  |
|      |                      |     | 31-10-16   | Switches, lamps, plug, sockets, tube light circuit  | 1,2           |     |               |            |             |  |
|      |                      |     | 11-04-2016 | Charging and discharging of battery   | 5             |     |               |            |             |  |
|      |                      |     | 11-07-2016 | Switches, lamps, plug, sockets, tube light circuit MCB, ELCB, MCCB,   | 1,2           |     |               |            |             |  |
|      |                      |     | 11-03-2016 |   |               |     | 16            | 13         | 0           |  |
|      |                      |     |            |   |               |     |               |            |             |  |
|      |                      |     |            |   |               |     |               |            |             |  |
|      |                      |     |            |   |               |     |               |            |             |  |
|      |                      |     |            |   |               |     |               |            |             |  |
|      |                      |     |            |   |               |     |               |            |             |  |
